

# MEZZA

di MEZZACORONA

*Alternative wine style for the 'alternative' life style. The shared personal party.*

Mezza offers a next level sparkler for those who are ready to enjoy a quality sparkling wine with a unique profile. The perfect choice for those times "in between" work and dinner, dinner and party. Mezza can also express the inner *MeZZologist* in you, when combined with a selection of ingredients that serve your personal party style.

Mezza is your invitation to the World of Mezza where you can experience a unique glacial bubbly sensation in your glass – served your way, every day. Let's make it sparkle with Mezza wine!

## Tasting Notes

Extra Dry Sparkling Wine  
Vigneti delle Dolomiti IGT

This elegant sparkling wine is made using the most important white grapes cultivated in Trentino Alto Adige, estate grown in our vineyards at the foothill of the Dolomites – at elevations between 400 and 800 meters.

- 60% Chardonnay
- 30% Pinot Bianco
- 10% Muller Thurgau

## VINIFICATION

Grapes are harvested and selected by hand at the beginning of September and after destemming and crushing, soft pressed to extract only the aromatic compounds. After natural clarification, fermentation is done at controlled temperature of 64°F for 10 - 11 days. Then the wine matures for 4-6 months on the lees. After the assembly of the cuvée, the wine undergoes the second fermentation in autoclave for 15 days until the fermentation is naturally blocked, cooling down the temperature to 41°F to preserve the natural sugar that gives balance and smoothness to this sparkling wine. The wine matures on the lees in autoclave for 3-5 months before cold stabilization, filtration and bottling. This production process (Charmat method) is used to produce Prosecco.

## CHARACTERISTICS

The bouquet displays rich and intense aromas of fresh fruits like red apple, pear, white peach, melon, and delicate pineapple with an elegant note of wild mountain rose. The palate is very pleasant with a soft mousse, persistent bubbles and smooth acidity.

ALCOHOL CONTENT: 12%

SERVING TEMPERATURE: 50-54°F
