VENTESSA

PINOT GRIGIO ROSÉ

HEALTHY. SUSTAINABLE. HAND PICKED. ITALIAN PINOT GRIGIO.

VINIFICATION

The grapes are immediately crushed and undergo a very short cold maceration in the press. The grapes are then softly pressed. The musts are then fermented for 8 days. The wines are kept on the yeasts in steel tanks.

CHARACTERISTICS

It reveals a very fresh and elegant aromatic profile, characterised by aromas of red fruits and citrus fruits, such as pink grapefruit, alongside delicate floral notes.

NATURALLY LOW-CALORIE PROCESS

Ventessa is made without chemical alteration. Our sunny days favor optimal aromas, cold nights help preserve acidity, and the Ventessa wind accelerates the ripening of grapes without increasing the sugar level, yielding crisp flavors and naturally lower alcohol.

VEGAN • NO ADDED SUGAR • GLUTEN FREE • NO FLAVOR ADDITIVES • NO CHEMICAL TRANSFORMATION

PAIRINGS

With fish dishes, delicate first courses with vegetables and shellfish. It is also perfect as an aperitif.

APPELLATION

IGT Dolomiti

SERVING TEMPERATURE

46-50°F

NATURALLY LOW CALORIE
& LOW ALCOHOL WINE

Pinot grigio is a grape variety which has found its ideal home in Trentino. This unique alpine context in the wine growing world brings out Pinot Grigio's different styles thanks to the pedo-climatic environments in which it is cultivated.
